Building a Legacy of Innovation

MAAS Companies, Inc. Moves to New Corporate Headquarters

(August 2011) MAAS, a provider of innovative, value creating planning, management and consulting for higher education and other markets has relocated its Corporate Offices to Irvine, CA.

The MAAS Companies, Inc. recently opened its new corporate office in Irvine Ca. For MAAS, the new office space means improved client service, new amenities for employees and room for growth as it expands its services.

MAAS will now occupy second floor offices of a four-story, multi-tenant office building located in Irvine's innovative business corridor. "The new office will provide greater efficiency in how we serve clients. As we outgrew our former office in northern California, we saw how consolidating our corporate services in a more convenient location would enable us to position support services departments in the same area. We expect this to improve internal and external communication, growth and most importantly our speed in responding to our clients' needs," said Vice President of Administrative Services, Lori O'Keefe.

Building a Legacy of Innovation

“We were fortunate to find such a perfect space so close to a major transportation hub. We really wanted to limit the impact that travel and meetings could have on our clients and our employees. I don’t think we could have found a better location for our team. Our new location and enhanced operational efficiencies will help us continue to grow and evolve to keep pace with our client’s needs, allowing us to provide exceptional value and superior service along the way,” said Mac McGinnis, MAAS’s Vice President for Development Services.

New corporate address is:

**18622 MacArthur Blvd, Suite 200
Irvine, CA 92612**
